

Ice and Water Dispenser, 15 Series

Ice and water when you need it!

This sleek and compact model produces **chewable** ice and filtered water to help satisfy workplace hydration. The 15 Series is compact enough to fit anywhere and doesn't require a drain.

Advanced Technology

The Ice and Water, 15 Series has three core technologies:

Chewblet® ice

This model produces 100 lbs of consumer-preferred Chewblet® ice per day and holds another 15 lbs of ice storage.

Touch Activated Dispense

Touch activated dispense eliminates direct contact with ice and minimizes potential for cross contamination

Agion® Anti-Microbial Coating

Agion® antimicrobial product protection in key ice and water contact components.

Technical Features:

Ice storage:	15lbs
Ice Production:	125lbs
Water Temperature:	Ambient
Dimensions:	14.62" (37.1 cm) W x 23.50" (59.7 cm) D
