

WS11000

Water for Wellness

The WS11000 Pure water system utilizes innovative P² multi-phase, space age technologies to take water quality to a higher standard of water purification. Introduced through both in-line BIO-SURE Plus Filter and in-tank BIO-SURE capsule. Micro processor controlled: Water usage display, change filter light, hot and cold temperature control, temperature indicator, custom settings, one hand or one touch dispense.

- **Multi-Stage Reverse Osmosis**
- **LG Parts and Components**
- **Digital consumption reading**
- **Innovative Design & Technology**
- **All Stainless Steel Reservoirs**
- **Balances pH Levels to produce Alkaline Water your body can absorb**
- **Sanitization and Immune Detox**
- **Nutrient Boost**
- **Speedy Water Replenishment**
- **Clean Fresh Taste**

Technical Features:

Height: 50.3 / Width: 14.2 / Depth: 15.5

Cold Water Capacity: 2.1 Gallons Hot

Water Capacity: 1.3 Gallons
